Wales

Fatal Bear Attack:

On January 17, at 2:30 pm, the AST received a report of a polar bear attack in Wales. Initial reports indicate that a polar bear had entered the community and had chased multiple residents. The bear fatally attacked an adult female and juvenile male – it was shot and killed by a local resident as it attacked the pair. Troopers and the Alaska Department of Fish and Game are working to travel to Wales as weather conditions allow. Next of kin notifications are still in progress.

Update 1/18: Poor weather conditions in the region and the lack of runway lights in Wales prevented Troopers and Alaska Department of Fish and Game personnel from making it to Wales. Troopers are continuing to make efforts to fly to Wales today. The adult female killed in the attack is identified as 24-year-old Saint Michael resident Summer Myomick. The juvenile is identified as her 1-year-old son Clyde Ongtowsruk. Next of kin has been notified. The attack reportedly occurred in the village near the school. The US Fish and

Wildlife Service has been notified of the incident. Final Update 1/18: Earlier today, an Alaska State Trooper and a representative from the Alaska Department of Fish and Game traveled to Wales to investigate the polar bear attack that occurred yesterday. The remains of Myomick and Ongtowsruk were transported to the State Medical Examiner's Office for autopsy. The investigation revealed that Myomick and Ongtowsruk were walking between the school and the clinic when the bear attacked them.

Kotzebue

SAR: On January 16, 2023, at 12:29 pm, the Northwest Arctic Borough Search and Rescue Coordinator called Alaska State Troopers to report two people were overdue on a red and black Yamaha snowmachine traveling between Kotzebue and Noorvik. It was reported that Josiah Ballot, 18, of Selawik and Thomas Brown, 18, of Ambler, told friends they were leaving Kotzebue at midnight via social media. Messages from the party identified their location in Kotzebue at 3:00 am on January 16, possibly heading to Noorvik. Searchers from Kotzebue, Noorvik, and Selawik conducted ground searches of the trails and coastline in the area. Troopers have flown the Selawik to Noorvik trail and the Noorvik to Kotzebue trail in search of the two men. On January 18, Noorvik, Selawik, and Noatak searchers along with Troopers searched the trails and area between Kotzebue and Noorvik. On January 19, search teams will continue Update 1/20/23: The search for Ballot and Brown continued. Local search and rescue teams continue to search on the ground, and private aircraft and DPS aircraft are conducting aerial searches. Anyone with information about Ballot and Brown's whereabouts is asked to contact the Alaska State Troopers at (907) 451-5100. On January 20, at 2:17 pm, a private plane located Josiah Ballot approximately 28 miles south of Kotzebue. The pilot alerted an Alaska Wildlife Trooper in the area. Ballot was suffering from severe frostbite and was transported via a Troopers plane directly to Kotzebue for medical services. The search for Thomas Brown is ongoing via air and land assets.

Update 1/21/23: The search for Thomas Brown is continued via ground and air. Josiah Ballot was medevaced to an Anchorage area hospital for medical treatment. Anyone with information about Brown's whereabouts is asked to contact the Alaska State Troopers at (907) 451-5100. Update 1/23/23: The search for Thomas Brown continued over the weekend into Monday. Alaska State Troopers and volunteers are continuing to search the area around where Josiah Ballot was found with ground and air assets.
